### **Frontier Airlines Becomes Only Carrier to Offer Non-Stop Service Between Denver and Akron-Canton, Ohio**

*New Service Will Bring Low Fares to the Cleveland Area and Northeast Ohio*

**DENVER (March 16, 2005)** - Frontier Airlines (Nasdaq: FRNT) will begin new service between its Denver International Airport (DEN) hub and Akron-Canton Airport (CAK) in Ohio, beginning June 15, 2005. The two daily non-stops between Denver and Akron-Canton will utilize Frontier's new Airbus aircraft, with 33 inches of legroom, 24 channels of LiveTV and pay-per-view movies. The new service will also connect the Cleveland area and Northeast Ohio to dozens of Frontier cities throughout the West and Mexico.

Frontier separately announced today that it will begin service between Denver and San Antonio International Airport (SAT) on June 26, 2005 and that it will increase service to match growing demand in Seattle, Wash. and San Jose, Calif.

"Akron-Canton is fast becoming the low fare hub for Northeastern Ohio, and we are proud to be an integral part of that growth," said Paul Tate, senior vice president and chief financial officer. "The strength of the Akron-Canton airport is in no small part due to their focus on attracting the very best service for travelers in the region, and we are confident that Frontier will exceed the expectations of those travelers who have forgotten what a great experience flying can be. We look forward to serving Northeast Ohio with LiveTV, pay-per-view movies, comfortable seats and the industry's finest service from the industry's best employees."

"Frontier Airlines is a perfect match for our airport and Northeast Ohio," said Airport Director Fred Krum. "They are the undisputed leader in affordable west coast flying and we offer a great airport experience that customers prefer. Flying to Denver and beyond just got a lot better for travelers in our region."

Akron Mayor and President of the U.S. Conference of Mayors, Donald Plusquellic remarked, "We are delighted Frontier Airlines has chosen Akron-Canton as its first Ohio community for non-stop service to

Denver. We see this as a vital western link that will help us attract new business and tourists to our great city.”

“The residents of Canton, Ohio are pleased to welcome Frontier Airlines to our hometown airport and the home of the Pro Football Hall of Fame,” said Mayor Janet Creighton. “Affordable flights to and from Denver and the West will be popular with sports fans and business travelers alike.”

### **About Frontier**

Currently in its 11<sup>th</sup> year of operations, Denver-based Frontier Airlines is the second largest jet service carrier at Denver International Airport with a fleet of 46 aircraft and employing approximately 4,500 aviation professionals. Frontier, in conjunction with Frontier JetExpress operated by Horizon Air, operates routes linking our Denver hub to 44 destinations in 25 states spanning the nation from coast-to-coast and to five cities in Mexico. Frontier's maintenance and engineering department has received the Federal Aviation Administration's highest award, the Diamond Certificate of Excellence, in recognition of 100 percent of its maintenance and engineering employees completing advanced aircraft maintenance training programs, for six consecutive years. In July 2004, Frontier ranked as one of the "Top 10 Domestic Airlines" as determined by readers of *Travel & Leisure* magazine. Frontier provides capacity information and other operating statistics on its Web site, which may be viewed at [www.frontierairlines.com](http://www.frontierairlines.com).
